PUNCH-BOWL MATH

A 750 ml bottle of spirit makes about **16 drinks** of 1½ oz; a punch for 24 needs 2–3 bottles in all.

A **block of ice** melts far slower than cubes: freeze water in a loaf pan or a bowl the night before.

KEEP IT FRESH

Citrus fades in hours: squeeze it the day you serve. Add sparkling wine, soda and ginger ale **at the last minute**, straight from the fridge.
